

# MATT BERTRAM

P. Eng, PARTNER, PROJECT ENGINEER

Matt has a Bachelor of Engineering Science in Civil Engineering degree from the University of Western Ontario, and has been a Licensed Professional Engineer since 2014. Through both his professional experience, as well as his long family history in the construction industry, Matt has a wide range of experience in municipal and private development projects.

Matt is involved in working with the Ministry of Natural Resources and Forestry (MNRF) for new license applications and Site Plan Amendments under the *Aggregate Resources Act*. He is experienced in Site Plan design for pits and quarries, and prepares applications for Environmental Compliance Approvals (ECA) and Permits to Take Water (PTTW), including surface sampling and hydrologic report preparation.

Matt specializes in the design of site servicing, site grading, and sewage disposal systems. He has conducted numerous Phase I Environmental Site Assessments, and is also experienced as a construction inspector and surveyor.
