

NATHAN D. KELLER

C.E.T., ENGINEERING TECHNOLOGIST

Nathan graduated from Conestoga College in Kitchener in 2011 with a diploma in Civil Engineering Technology then jumped right into the work force at Skelton Brumwell & Associates directly after graduation.

Nathan utilizes 6 years of topographical and engineering based surveying experience as the foundation of his current position as an Engineering Technologist. Nathan is regularly involved in private and municipal construction projects as varying stages of the project. His expertise is utilized in design, contract administration and construction inspection at varying stages of the projects.

Nathan is fluent in GPS (Global Positioning System) survey tools and up to date on civil 3D and utilizing the software on a daily basis.
