

TAYLOR WYNIA

HBSc, FISH & WILDLIFE TECHNOLOGIST, SENIOR ECOLOGIST

Taylor Wynia received an Honours Bachelor of Science with a double major in Biology and Environment & Resource Science at Trent University following completion of a Fish & Wildlife Technologist Diploma at the Fleming College School of Environmental and Natural Resources Science.

At Skelton Brumwell & Associates, Taylor has completed numerous Environmental Impact Studies and Natural Heritage Evaluations, Fisheries Assessments, Breeding Bird Surveys, Reptile & Amphibian Surveys, Vascular Plant Surveys, Ecological Land Classification and Species at Risk Surveys for a wide range of projects including aggregate operations, residential and commercial developments.

Taylor previously conducted turtle and salamander research at the Algonquin Wildlife Research Station for several seasons. He has also worked in northern Alberta as a Field Technician for the Alberta Biodiversity Monitoring Institute, where he carried out field data collection, sorted and identified specimens, and set up numerous field plots.
