

KRISTEN HINDE

P. Eng, PROJECT ENGINEER

Kristen is a licensed Professional Engineer with a Bachelor of Applied Science in Geological Engineering degree from the University of Waterloo. She has a background in geotechnical engineering in open pit mining operations in Northern Ontario where she was involved with geotechnical investigations, slope remediation projects and slope stability monitoring.

As a Project Engineer, Kristen is involved in working with the Ministry of Natural Resources and Forestry for applications under the *Aggregate Resources Act* and has experience with pit and quarry Site Plan design. Kristen is actively involved with the Ontario Stone, Sand and Gravel Association (OSSGA), their Rehabilitation Committee and Grey-Bruce-Simcoe Regional Committee.

Kristen also has experience working in aggregate quality control sampling and testing. She has been involved with hydrogeological investigations, groundwater and surface water monitoring programs, and Phase I Environmental Site Assessments.
